## City of Powers Lake Water & Sewer Permit Installation Application

Owners Name \_\_\_\_\_ Address \_\_\_\_\_ Telephone numbers \_\_\_\_\_  
\_\_\_\_\_

Type of Occupancy \_\_\_\_\_

Legal description of property \_\_\_\_\_

Street address of property \_\_\_\_\_

Name of contractor \_\_\_\_\_

Address of contractor \_\_\_\_\_ Telephone number \_\_\_\_\_  
\_\_\_\_\_

ND contractor's license # \_\_\_\_\_

Start date \_\_\_\_\_

I hereby certify that the above information is correct and I am aware of the city ordinance (found on the back side of this application) that refers to the connecting to water and sanitary sewer system of Powers Lake. I further agree to comply with the city rules and the ND Health Department rules concerning water and sanitary sewers and agree to the proper inspections at the proper time. I realize this permit must be processed and approved before construction can begin.

The owner and/or contractor will be liable for any damage to city property. I further agree that if there is a lack of compliance this permit will be null and void.

\_\_\_\_\_ \$125.00 meter fee  
\_\_\_\_\_ \$100 water deposit

**Mandatory that the permit be approved before the above said alteration, enlargement or construction shall begin. Failure to do so will result in a "cease and desist" order. Attach a drawing of the project to this application. Applications without drawings will not be approved.**

AN ORDINANCE AMENDING ORDINANCE #118 OF THE POWERS LAKE ORDINANCES RELATING TO WATER AND SEWER SERVICE LINES WITHIN THE CITY OF POWERS LAKE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF POWERS LAKE, BURKE COUNTY, NORTH DAKOTA THAT ORDINANCE #118 BE AMENDED TO ADD THE FOLLOWING SECTION.

Construction and maintenance of water and sewer services lines from an existing main:

1. All water and sewer service line construction must have a completed water and sewer permit application filed with the city auditor and approved by the city council prior to construction.
2. All water and sewer service lines must be constructed by a licensed and bonded contractor; a trench box is required. All work must be inspected by city maintenance prior to cover-up.
3. Construction costs of new water and sewer service lines from an existing main are the responsibility of the property owner, including re-paving the street.
4. Construction of water and sewer mains by property owners must extend the mains to the furthest end of the property.
5. For maintenance and expenses of existing water and service lines, the city is responsible from the main to the curbstop. The property owner is responsible from the curbstop to the structure.

This first reading held July 6, 2015, with the second reading and final passage to be held August 5, 2015.
